      <h2 id="post1">My Journey Learning to Code</h2>
      <p>I started learning to code a few months ago and it's been a wild ride!</p>

      <h3>Early Challenges</h3>
      <p>At first, syntax was really confusing.</p>

      <h3>Breakthroughs</h3>
      <p>Eventually things started to click.</p>
    </article>

    <article>
      <h2 id="post2">Accessibility Matters</h2>
      <p>Today I learned that not everyone uses the web the same way I do.</p>

      <h3>Screen Readers</h3>
      <p>These tools help visually impaired users browse websites.</p>
    </article>

    <article>
      <h2 id="post3">What's Next?</h2>
      <p>I'm excited to dive into JavaScript and build interactive features!</p>

      <h3>Coming soon: My first JavaScript project!</h3>
      <p>Stay tuned for some exciting interactive blog features.</p>
